

2 September 1954

MEMORANDUM FOR: Chief, Management Staff
 SUBJECT : Additional Positions for RI/FI/DDP.

1. Public Law No. 203, 83rd Congress, (Refugee Relief Act of 1953) authorized the entrance into this country, over a period of the next three years, of a total of 214,000 aliens. This Act will impose an additional workload on the Records Integration Division, FI Staff, Office of the Deputy Director (Plans), which, it is estimated, will require thirty-nine (39) additional clerical employees.

2. On 8 February 1954 the Deputy Director of Central Intelligence approved of these thirty-nine additional personnel as project personnel. However, at the Project Review Committee Meeting on 26 May 1954, at which time the FI Program for Fiscal Year 1955 was considered, this matter was discussed and the Chairman (General Cabell) directed that these positions be converted to temporary, voucherized staff positions for the duration of the project.

3. I do not believe that any subsequent action has been taken to implement General Cabell's decision. Would you please look into the matter and see that appropriate action is taken.
